Opportunity Areas: **391**

Population: **4,192,887**  
Fixed Guideway Stations: **27**  
Opportunity Areas: **82**

Our communities need basic elements to support economic opportunity and health for all people. Reconnecting America identified the neighborhoods with these elements - smaller blocks and moderate density housing and/or jobs - to define opportunity areas. Using opportunity areas and other data points, Reconnecting America created metrics and determined composite grades for every metropolitan statistical area (MSA) in the country.
