## STREET SMART: Street Cars and Cities in the 21st Century

THE TREMENDOUS SUCCESS of the Portland streetcar has revolutionized the way cities think about transit and economic development, stimulating \$3.5 billion in investment in a hugely popular new downtown neighborhood called the Pearl. Streetcars are uniquely suited to serve all the high-density development underway in downtowns across the U.S. Find out how streetcar systems are revitalizing cities, and what a streetcar could do for downtowns in Southern California – by providing sustainable transportation, walkable neighborhoods and greener lifestyles.

**AT THE HISTORIC ORPHEUM THEATRE IN DOWNTOWN LOS ANGELES THURSDAY, MAY 22, 7:30 A.M.-5:30 P.M.**
